

Office of the President

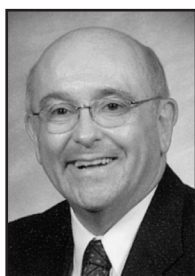

Dear Kansas College Student,

Thank you for your interest in Wichita State University. I hope you will join other students who have transferred to our campus to major in one of our 150 areas of study.

Wichita State provides remarkable opportunities for students to incorporate their classroom knowledge in actual work settings. The University's Cooperative Education Program, for example, is among the largest in the nation, and there is a reason – success! Students and employers alike testify extensively and enthusiastically about Co-Op's benefits.

Located within our area are thousands of employers who conduct business all over the world. They all need educated personnel, and WSU is one of the first places they look. This helps explain the excellent employment record of our graduates.

We all understand the need for an education that sharpens our appreciation for life's possibilities. I believe Wichita State encourages values leading to a full life, one where learning never ceases.

Respectfully,

Donald L. Beggs
President

This *Transfer Guide* is for information only and is not a contract. Expressed in terms of your college's courses, it lists the general education courses a student should take at your college if he/she plans to transfer to Wichita State. It is published annually and reflects the best information we have at the time of publication.

The University reserves the right to revise or change rules, charges, fees, schedules, courses, requirements for degrees, and any other regulations affecting students whenever considered necessary or desirable. The University reserves the right to cancel any course for insufficient registration and to phase out any program.

Notice of Nondiscrimination

1. It is the stated policy of Wichita State University to prohibit discrimination in employment and in educational programs and activities because of race, color, religion, gender, age, marital status, national origin, sexual orientation, political affiliation, disabled/ Vietnam-era veteran status or physical or mental disability.
2. In working to achieve and maintain a welcoming and discrimination free environment, it is necessary and appropriate that employees and students be encouraged to make complaints and concerns about perceived discriminatory behaviors known to University supervisors and officials.
3. Any University employee or student who engages in retaliatory conduct against a University employee or student who has filed a complaint alleging discrimination or otherwise exercised their rights and privileges against illegal discrimination will be subject to disciplinary actions pursuant to established University procedures, up to and including termination of employment or student status.
4. This prohibition against retaliatory conduct applies regardless of the merits of the initial complaint of illegal discrimination.

The Vice President and General Counsel and the office of Human Resources shall have primary responsibility for publication, dissemination and implementation of this University policy.

Wichita State's Advantage

Being located in the largest city in Kansas — the cultural, educational, health care, financial, and business hub of the state — has many advantages! Wichita State University is in a unique position among universities in the Kansas Regents' system because it is the only one that is an urban serving, high research, doctoral granting institution. WSU is able to provide its students with the best opportunities for career-related experiences while they are still students! WSU boasts internships, assistantships, the largest cooperative education program in the state, community volunteerism, classroom guest speakers from the community who are experts and practitioners in their fields, and the largest number and diversity of part- and full-time work experiences available including participation in research projects. WSU graduates who have taken advantage of these career-related opportunities will have both a degree and direct experience, giving them the "cutting edge" advantage they need when seeking employment. It's Wichita State's Advantage!

WSU Cooperative Education & Internships

Currently more than 1,000 students and 500 employers participate on an annual basis in Wichita State's cooperative education and internship program, making this the largest program in the state.

Cooperative education and internships allow students to integrate classroom learning with work-based learning in their field(s) of study. Students receive an hourly wage and academic credit while working in a real-life situation.

The combination of academic study and practical experience is a superior method of education which gives students a powerful advantage when they graduate.

WSU West and South Campuses

In addition to the main campus at 17th & Hillside, WSU has a west and a south campus. The **West Campus** is conveniently located near Maize Road and 37th Street North, at 3801 N. Walker Avenue, telephone (316) 978-6777. The **South Campus**, located off K-15 in the heart of Derby in the Towne Center shopping center at 200 W. Greenway Boulevard, is readily accessible from the surrounding communities, telephone (316) 978-8000.

WSU West features accessible parking; one-stop service for admission, advising, financial aid, registration and payment of tuition and fees; accelerated and traditional courses in daytime, evening, and weekend formats; a full PC lab and a MAC lab offering the latest software; access to WSU library resources on the network; information on course availability, degree programs, university athletic and cultural events; a lounge area with vending available, and more. WSU West is also home to the new *Finish Strong* adult degree completion program.

WSU South students have equal access to all facilities, amenities, and student services as the WSU Main and West campuses. The south campus offers a variety of general education and specialized courses such as the Accelerated Nursing Program, and courses leading to the MBA degree.

Graduation Rate

Pursuant to Pub. L. 102-26, Wichita State University does hereby disclose that the graduation rate of degree-seeking first-time full-time freshmen for the reporting cycle beginning Fall 2003 and ending June 30, 2009, (six years) was 41 percent.

New Kansas community college transfers (with 48-66 transfer hours and a 2.500 or better grade point average), who started at WSU two years later, had a 48 percent graduation rate by June 30, 2009.

Special Interest Groups

Our "Advantage" also extends to this area. Whatever your special interest, faith or belief system, you'll find an organized group of like-minded people in Wichita.

On-Campus Organizations: We have over 150 student organizations, among them are 27 groups related to specific academic programs, 14 cultural/international groups, several governing or representative groups, 15 social fraternities and sororities, 10 honorary organizations, several recreation/sports clubs, and over a dozen other special interest or community service groups.

On-Campus Religious Groups include: Association of Hindu Students in America, Campus Crusade for Christ, Chi Alpha Christian Fellowship, Baha'i Club, Intervarsity Christian Fellowship, Latter-Day Saint Student Association, Orthodox Christian Fellowship, SHOCKWAVE, St. Paul Parish/Newman Center, University Lutheran Center and Wichita Young Life.

Campus Ministry is sponsored by local churches and is located on the second floor of the Rhatigan Student Center. It provides a place of refuge when you need someone to talk to, where you can ask questions of your faith; a place of safety where you will be encouraged, not judged; a place to meet new people where diversity is celebrated; a place where you will have the opportunity to create and participate in cutting-edge worship.

"Being a small town girl from Idaho, choosing to move 1300 miles from home to continue my education was a huge decision. It was made easy by the friendly and inviting admissions staff, all my credits transferring, and the reputable Barton School of Business. With only a few phone calls and a campus visit I knew right away that WSU was the perfect choice for me. I am very confident that WSU has many great things to offer everyone and I strongly encourage you to simply call, check out the website, or schedule a campus visit today!"

Megan Pierson
Dodge City Community College
Business Major

"One of the most important and stressful decisions of my sophomore year of college was choosing where I wanted to continue my education. After visiting Wichita State, this decision was an easy one. Due to the help and understanding of Neal Hoelting, Admissions Transfer Representative, I was able to apply for acceptance, scholarships, and set up my academic meeting, all within a weeks time. With all of this in addition to campus being located in a city full of opportunity, this tough decision became a no brainer for me."

Alison Nittler
Cowley College
Business Administration Major

Transfer Student Admissions

Students who have been enrolled in another college or university may be admitted to undergraduate study at Wichita State if they are eligible to return to the college or university they last attended and they have a minimum overall collegiate grade point average of 2.000 on a 4.000 system.

You should apply for admission at least one semester prior to the semester of desired enrollment. This assures maximum consideration for registration and financial aid.

To complete the application process submit your signed application, the \$30 non-refundable application fee and official transcripts to WSU Admissions. Visit admissions.wichita.edu/transcriptsmatrix.htm for WSU's transcript policy. If you have fewer than 24 transfer hours, you must also meet the qualified admissions standards set by the Kansas Board of Regents, so in addition to the above, you also have to submit official transcripts from your high school; and ACT, SAT, or GED scores sent directly from the testing agency.

Advising and Enrollment Procedures

While you are taking classes at your community college you can participate in Dual Advising - see pages 8-9. After you are admitted to Wichita State University, you will receive detailed information from the Office of Admissions regarding the procedures for academic advising and getting enrolled. All transfer students will be required to contact the appropriate college office for your major to make an advising appointment

in order to enroll. The appropriate phone numbers can be found on the college pages in this publication or through the orientation website: wichita.edu/orientation.

This advising appointment will allow you to meet one-on-one with an advisor in your major area to plan your schedule of courses for the upcoming semester. You will also discuss your academic and career goals, look forward to a plan for graduation, and enroll in courses for the coming semester.

After registering for classes, new students are required to participate in a Transfer Transition Program. This program will provide information to help prepare you for life on campus and teach you about the services and resources available to you as a WSU student. You will also obtain your Shocker ID card and attend sessions of interest to you. For additional information or questions, please contact the Office of Admissions-Orientation at **(316)-978-3085 or (800) 362-2594**.

Community College Coordinator

The Community College Coordinator from the Office of Admissions will visit Kansas community colleges. Watch for posters announcing upcoming visits or contact the counseling office at your college for more information. Make plans to talk with our representatives when they are on your campus. They can answer your questions and get you started in the right direction! You may contact the Coordinator at **(316)-978-6246 or 1-800-362-2594**.

More detailed instructions regarding Admissions, Scholarships and Orientation can be found online at www.wichita.edu/admissions or www.wichita.edu/orientation or twitter.com/wheatweet or For AOL & Yahoo Instant Messaging, use *shockertalk* or for MSN Messenger, use *shockertalk@hotmail.com*

College Program Admission Requirements

Admission to a college does not guarantee admission to a specific program—some programs have more rigorous and specific requirements for admission not covered in this summary.

College	Minimum Hrs Completed	GPA	Completion of Basic Skills* Courses Required?
Business	0	2.250	Yes, all with a grade of C or better
Education, general	0	2.500	No
Education, teacher education	varies	2.750	Yes, all with a grade that generates at least 2.00 quality points per credit hour (C or better). See additional requirements for admission to the teacher education program on page 14.
Engineering	0	2.000	No
Fine Arts	0	2.000	No
Health Professions: Pre-Professional programs, Undecided, Health Science, and Health Services Mgt and Community Development	varies	2.250	Yes, for all majors, and all with a grade that generates at least 2.00 quality points per credit hour (C or better).
Medical Technology	varies	2.500	
Communication Sciences & Disorders; Nursing and Dental Hygiene	varies	2.750	
Physician Assistant and Physical Therapy	varies	3.000	
Liberal Arts and Sciences	0	2.000	No

* Basic Skills required courses are: ENGL 101 and 102 (6 hours); COMM 111, Public Speaking (3 hours); and MATH 111, 112, 131, 211, or equivalent (3 hours). These must be completed with a "C-" or better within the first 48 hours of college enrollment. Some colleges require a C or better (2.000 grade points) in Basic Skills courses for admission to their programs.

Transfer Student Check List

Getting Admitted

- Submit an Admission Application and a \$30.00 non-refundable application fee. Apply online at www.wichita.edu/admissions.
- Have your academic transcripts from each college you have attended sent from that college to the Office of Admissions. Visit www.admissions.wichita.edu/transcriptsmatrix.htm for WSU's transcript policy.
- If you have less than 24 cumulative credit hours**, have your high school graduation transcript (including your ACT scores or GED transcript) sent to the Office of Admissions.
- INTERNATIONAL STUDENTS:** Access the WSU homepage at www.wichita.edu/international. You can request application materials, or you can complete an application form, print it and mail it with the required fee.

Scheduling a Campus Visit

- Campus visits can be scheduled virtually any weekday except for Wednesday. A typical campus visit includes the following:
 - A meeting with an Admissions Representative
 - A walking tour of the campus
 - A meeting to talk with someone in the area of your academic interest
 - A tour of the residence halls (optional)

To schedule a campus visit, please schedule your appointment online **at least two weeks in advance** at www.wichita.edu/admissions.

Enrollment **does not** occur at a campus visit; to enroll contact your academic adviser.

Applying for Scholarships and Federal Financial Aid

- Mark appropriate scholarship box on the Admission Application and submit all required materials by following the related instructions.
- Fill out the Free Application for Federal Student Aid (FAFSA) at www.fafsa.ed.gov. WSU's federal school code is **001950**. Students are encouraged to complete their FAFSA annually by the WSU priority date of March 1.
- Apply early as some programs have limited funding.

Grants, work-study and loans are available based on the information you provide on the FAFSA. For more information, contact the Office of Financial Aid, 203 Jardine Hall, (316) 978-3430 or 800-522-2978 or online at www.wichita.edu/financialaid.

(continued on next page)

Student Housing

- Submit a housing application and a \$50.00 application fee.

Housing applications are mailed to admitted students and are available upon request from the Wichita State Office of Housing and Residence Life, 1845 Fairmount, Box 141, Wichita KS 67260-0141; (316) 978-3693 or at the website:

www.wichita.edu/housing

Attend the Transfer Transition Program

- Reserve your space for Transfer Transition.

All students transferring to Wichita State are required to schedule a *Shocker Connection* advising and enrollment appointment with his/her academic college. Students must be fully admitted and have a housing contract or approved exemption form on file BEFORE scheduling the enrollment appointment.

Students are also required to attend a transfer transition program. Visit the orientation website for options and additional information at

www.wichita.edu/orientation, or contact Admissions/Orientation at (316) 978-3085.

Pay Tuition and Fees

- You must pay your tuition and fees before your enrollment is considered complete. An Installment Payment Plan is available.

Online payment, via WebCheck or credit/debit card (Visa is not accepted), is preferred. Textbooks must be purchased separately. Questions regarding tuition and fees should be directed to WSU Accounts Receivable at (316) 978-3333.

Paying for College

Wichita State is dedicated to your personal achievement, career goals, and professional growth, and demonstrates that commitment in many ways — one of the most significant is financial assistance. Wichita State has available many flexible and comprehensive financial assistance packages which currently benefit more than 50 percent of our diverse student body. We have long-standing experience in developing funding strategies that are extremely effective. Complementing this assistance is the University's urban location — the "Wichita connection," which greatly benefits all students. Currently, Wichita provides a rich variety of part- and full-time employment opportunities for some 80 percent of Wichita State students.

Explore the University's available financial resources, and we believe you'll find that any student can afford a Wichita State education!

Wichita State Costs

To begin determining what it would cost to attend Wichita State, consider the following approximate amounts for usual student expenses for **one semester**. Keep in mind that any student might incur additional expenses for such items as laboratory and special class fees and club membership dues. Costs typically increase each year.

2010-2011 Undergraduate Tuition and Estimated Expenses

Tuition and fees (resident of Kansas).....	\$2,700*
Room and board.....	3,100
Books and supplies.....	487
Personal expenses	851
Transportation.....	829
Total for one semester (approximate)	\$7,967

*For two semesters, the cost approximately doubles. Tuition and fees for Kansas undergraduate students during 2010-2011 are \$157.40 per credit hour, plus a \$17 per semester registration fee. *Tuition and fees for undergraduates classified as non-residents of Kansas are \$425.20 per credit hour plus a \$17 per semester registration fee. A facilities use fee will also be assessed to all students at the rate of \$3.60 per credit hour, capping at 15 credit hours (\$54.00).*

Wichita State's Financial Resources

Financial assistance is available at WSU. A variety of federal, state, and University programs provided over \$92 million in 2010-2011 to more than 50 percent of the Wichita State student body. This included grants, scholarships, loans, and part-time employment. It also included tens of thousands of dollars in scholarships to transfer students.

How to Apply for Wichita State Assistance

Go to: www.financialaid.wichita.edu

Campus Services

A multitude of student services is available, and they are described in each *Schedule of Courses*. In addition to the few services outlined below, services are provided by these offices/programs: University Police, Child Development Center, Controller's Office, Counseling and Testing Center, Emergency Loan Program, Information Center, McNair Scholars Program, Post Office, Registrar's office, Student Health Services, Student Development and Multicultural Affairs, Student Life, and the *Sunflower* newspaper. Also see "Cooperative Education" and "Special Interest Groups" on page 2. Add to these the "Advantage" of our location in Wichita, and you have more services available than at any other public university in Kansas.

Career Services

The Office of Career Services caters to students, WSU alumni/alumnae and community members seeking career advice or employment-related assistance. Career counseling is available to help individuals select a major and implement a career plan. The staff provides resume and cover letter critiques and career counselors can help with interview preparation. Career fairs are held in the fall and the spring for students and graduates in the colleges of business, engineering and liberal arts and sciences. During the spring semester an interview day is offered to education majors and a health professions career fair is scheduled.

The Career Library located in the Career Services office houses books on career choices along with occupational information from government and business sources. Computers are available to students preparing job search documents or utilizing the internet for career-related research.

Additional job search services include a web-based system called *Hire-A-Shocker* which is used by local, regional and national companies for job postings, resume referrals and on-campus interviews. Online job listings are accessible by students 7 days a week, 24 hours a day whether they attend school (no degree required) or are preparing to graduate and enter the world of work.

Disability Services, Office of

WSU offers two programs that serve students with learning, psychological, or physical disabilities. Both offices are located in the Grace Wilkie Annex: **Office of Disability Services (DS)** webs.wichita.edu/disserv. (316) 978-3309 voice, (316) 978-3114 fax. DS provides classroom accommodations, auxiliary aides, and academic adjustments. Services include, but are not limited to, note taking, testing accommodations, sign language interpreting, library assistance, adaptive computer lab, and CCTV's. **TRIO Disability Support Services (DSS)** webs.wichita.edu/dss. (316) 978-5949 voice, (316) 978-5948 fax. DSS provides academic and personal advising, free tutoring, study skills workshops, scholarships and financial aid advice, degree planning and course selection, campus and community involvement opportunities, graduate school information and desktop/laptop and textbook loan.

Heskett Recreation Center

This 166,000-square-foot complex contains instructional, research, and recreational areas, as well as the equipment necessary to support activities. Activity areas consist of a weight room, a circuit training room, a combatives room, a 25-meter indoor swimming pool with separate diving well, six handball-racquetball courts, a squash court, an aerobic exercise machine room, climbing wall, and five basketball courts bounded by a 200-meter indoor jogging track. The outdoor area contains a six-court lighted tennis complex and one large lighted play field. These activity areas are designed to facilitate an extensive campus recreation program.

Camping equipment is available for rent in the Heskett Center, and campus sports clubs and the intramural program are coordinated through the center. The fitness/wellness staff is there to assist you with a healthy lifestyle. They can aid in exercise programs, body assessments, massage therapy and organize guest wellness speakers. For more information, call the Heskett Center at (316) 978-3082, or go to:

webs.wichita.edu/heskett.

Your current Shocker ID card must be shown to enter Heskett Center activity areas for classes or recreation.

Housing and Residence Life

Wichita State University has three on-campus housing options for students: Fairmount Towers, Brennan Hall, and Wheatshocker Apartments.

Fairmount Towers provides a traditional residence hall experience with full meal service and many opportunities for involvement. **Brennan** offers students a smaller community with all the advantages of living on campus. Students who live here may choose a meal plan for the Rhatigan Student Center or the Fairmount Towers Cafeteria. **Wheatshocker Apartments**, located next to WSU's Braeburn Golf Course, provides accommodations including full kitchens and bathrooms for families and single students.

Research shows that students who live on campus are more successful in college and are more likely to stay in school and complete their degree. Besides supporting a student's academic success, there are a number of advantages and conveniences students enjoy by living on campus. Students are afforded the opportunity to interact with, learn from and develop friendships with people from all over the world. One payment covers everything--rent, utilities, local telephone service, basic cable television service, Ethernet and wireless connections and meals.

Email: housing.wsu@wichita.edu; **telephone** (316) 978-3693;

web address: webs.wichita.edu/housing.

ID Card, Student

All WSU students are required to have a WSU photo-identification card, called the Shocker Card. The Shocker Card is the only means by which you can utilize most campus services. **There is no fee for your first Shocker Card; if a card is lost, stolen, or thrown away, there is a replacement cost of \$10.** Shocker Cards do not expire, therefore you do not need a new one each semester or each time you re-enroll. **After you have registered for classes**, you may get your Shocker Card in the Shocker Card Center on the main level of the Rhatigan Student Center, adjacent to Shocker Lounge and next to Commerce Bank.

International Education

Wichita State University demonstrates its commitment to international education through its Office of International Education, which comprises three smaller units: the Office of International Admissions, the Intensive English Language Center, and the Office of International Programs. The Office of International Admissions (978-3232) is responsible for the international marketing of Wichita State University and the processing of all international undergraduate and Intensive English applications. The Intensive English Language Center (978-3232) is an academic unit which teaches English to non-native speakers. The Office of International Programs (978-3232) provides immigration counseling to international students in addition to providing American students with study abroad opportunities.

Libraries

Wichita State's library system consists of Ablah Library and its two branch libraries, the Chemistry Library and the Music Library. The total system houses an extensive variety of resources - more than 2.5 million separate items, including books, e-books, periodicals, microforms, government documents, patents, manuscripts, recordings, and over 50,000 electronic journal titles - all of which you may use. Reference librarians offer assistance in the use of library materials and databases, as well as general orientation to library resources and services. The E.K. and Kathlien Edmiston 24-Hour Study Room in Ablah Library provides all hour access to study and internet facilities.

For library hours, call (316) 978-3481; or check the library's home page at: www.library.wichita.edu.

Rhatigan Student Center (RSC)

The Rhatigan Student Center is the Community Center for Wichita State University serving all members of the University family - students, faculty, staff, alumni and guests. The RSC houses many dining options; the University Bookstore; the Rec Center (bowling, billiards, and big screen televisions); Commerce Bank and several ATMs; a hair salon; meeting rooms; lounges; the Shocker Card Center; and several locations for student involvement, including the Student Activities Council, Student Government Association and the Center for Student Leadership (leadership programs, student organizations, volunteerism and Greek Life). For more information visit or call the University Information Center on the RSC's First Floor at 978-INFO (4636) or visit the RSC webpages at: www.wichita.edu/RSC.

Student Health Services

Student Health Services, your on-campus health care facility, is located in 209 Ahlberg Hall, phone (316) 978-3620.

Services available include (but not limited to):

- Treatment for illness/injury
- Adult immunizations
- Women's health services
- Men's health issues
- Allergy Shots
- STD testing/treatment
- HIV testing/counseling
- Contraceptive services
- Course required physical exams
- Nutrition counseling

All services are confidential. An appointment is required for most services; call (316) 978-3620 to schedule.

For more information check our website at: www.wichita.edu/shs

Student Health Insurance Program

The Kansas Board of Regents (KBOR) has contracted with United Healthcare to provide insurance for the Regent's Universities. If you do not have any health insurance, this option may be an affordable alternative. Coverage is also available for spouse and dependent(s). You may qualify if you are taking as few as 6 credit hours (undergrad) or 3 credit hours for Masters students.

International students are required to purchase insurance unless they have comparable coverage through another plan.

Graduate students **holding a graduate assistantship** may be eligible for the state of Kansas to pay a portion of their premium.

Information can be obtained at Student Health Services, the Graduate School Office, or the International Programs office.

**Also see "Resources for Academic Success"
on pages 28-29**

“Begin with the end in mind.”

Habit 2 from Stephen Covey’s Seven Habits of Highly Effective People.

If your educational goals require you to attend a four-year institution, now is the time for you to begin planning the next phase. We at Wichita State University want to help you make a smooth transition from your two-year college to our campus by offering the Dual Advising Program. This program will create a positive connection between yourself and Wichita State and ease your transition to WSU.

To get started, all you need to do is to complete and submit the Dual Advising Form (next page or on-line). Once we receive this form, you will be assigned an advisor from your chosen academic area with whom you can discuss your plan of study. You will be able to meet personally with this advisor to prepare for the next step of your academic journey.

So don’t hesitate. Now is the time to take advantage of Wichita State University’s Dual Advising Program.

Keith H. Pickus
Associate Provost
Academic Affairs and Research

Dual Advising Program

**Are you planning to earn a Bachelor’s degree?
Are you worried that it may take you forever to reach that goal?**

If so, then you need to take advantage of WSU’s Dual Advising Program. Dual advising will get you to your goal of earning a bachelor’s degree more efficiently because you will:

- develop a relationship with your WSU advisor who can answer program-specific questions.
- develop a course of study with your advisors that is appropriate to your degree goal.
- reduce unnecessary enrollments which ultimately saves time and money.
- receive up-to-date information about deadlines for admission to professional schools, available scholarships and financial assistance, curriculum changes, and other important matters.
- get a head start on learning about resources available on the WSU campus.
- have the opportunity to meet WSU faculty before you actually enroll.

How do you get into the dual advising system?

Do it in 5 easy steps.

- ① Complete the Dual Advising Form on the next page or the on-line form at:
<https://secure.wichita.edu/registrar/dual-advising-form.asp>
- ② Send the completed Dual Advising Form to:
Keith Pickus, Associate Provost,
Wichita State University, 1845 Fairmount,
Wichita, Kansas 67260-0013.
- ③ Call or e-mail your WSU advisor after you receive a signed copy of your Dual Advising Form to set up an appointment.
- ④ Send a copy of your transcript and enrollment form to your WSU advisor each semester.
- ⑤ Meet with your community college advisor AND your WSU advisor each semester while you are enrolled at the community college. (Check with your WSU Advisor about advising by phone or on-line.)

Dual Advising Form

Instructions: Please complete this form or make a copy of the form and have your community college advisor complete the address information below before sending it to WSU. Please type or print in ink.

Or complete and submit the form electronically. The address is: <https://secure.wichita.edu/registrar/dual-advising-form.asp>

W. FRANK BARTON SCHOOL OF BUSINESS

THE SCHOOL OF CHOICE:

Wichita State's W. Frank Barton School of Business is the school of choice in the region if you wish to study business. Our faculty has a world of experience in the real world of business — experience that will enrich your studies.

The W. Frank Barton School of Business is fully accredited by AACSB International – The Association to Advance Collegiate Schools of Business, a distinction held by only 12 percent of the nation's business colleges.

The Barton School of Business has the widest variety of business programs in the state offering ten baccalaureate degree programs with four additional areas of emphasis in real estate**. Degree programs are: accounting, business administration, economics**, entrepreneurship**, finance**, human resource management, international business, management, management information systems and marketing**. We're accredited in both business and accounting by AACSB International – The Association to Advance Collegiate Schools of Business, a distinction held by only 2 percent of the world's business schools. That means our faculty and curriculum meet national and international standards, and employers across the country have confidence in your career preparation.

STUDY WITH THE BEST: Face it. Every college has an accounting program. But not every college has Bill Jarnagin. He's an award-winning teacher, he's written numerous books and articles, and he's the Allen, Gibbs & Houlik Faculty Fellow in Accountancy.

Every year you see which airlines are rated the best on radio, national television, and in newspapers. Our very own Dean Headley, associate professor of marketing, heads the team that issues those airline quality ratings.

Take a class with Don Hackett and you'll learn the ins and outs of business. Hackett teaches marketing and entrepreneurship and he backs up his teaching with experience in corporate board rooms across the nation.

Barton school faculty work in and with busi-

ness, industry, and government. This experience enriches their classroom presentations.

WE BANK ON YOU: We have confidence in your success and we show it through our scholarship program. Annually we commit over a quarter million dollars to students in all areas of business. We hope this assistance gives you more time to learn in the classroom and perform well in your classes.

OUR ADVANTAGE

When you choose to attend Kansas' only urban serving research institution and the Barton School of Business, you will have the opportunity to participate in the University's Cooperative Education program and obtain invaluable work experience in your major field of study. Most majors allow 3 credit hours of cooperative education credit to be applied directly to the major requirements. During the past academic year 109 business students were placed in co-op positions, working with 71 employers, and averaging \$5,842 in annual student wages. Business students recorded nearly 49,392 student hours in the field, with an average wage of \$12.94 per hour. Students' co-op and internship positions held included office assistant, volunteer marketing intern, accounts receivable clerk and IT service desk representative. Some of the companies that offered these opportunities were; Allen, Gibbs & Houlik LC; Dean and Deluca; FDIC; Koch Industries Inc; Spirit AeroSystems Inc.

In addition, business students have completed internships with NASA.

The opportunities are endless for preparing yourself for the business world after leaving Wichita State University as a Barton School of Business graduate.

GRADUATION REQUIREMENTS:

- Completion of at least 60 hours of four-year college work and 45 hours of upper-division work. Two-year college work will not be credited as junior or senior-level work at WSU.
- Must complete: BADM 301, Transferring to the Barton School of Business
- Completion of at least 30 hours of credit at WSU.
- At least 24 of the last 30 or 50 of the last 60 hours must be completed at WSU.
- At least 50% of the business core and major requirements must be completed at WSU.
- Accounting majors must complete a minimum of 90 credit hours outside of Accounting courses.

Courses Recommended for Business Majors Transferring to Wichita State from Labette Community College

GENERAL EDUCATION REQUIREMENTS

*General Education (Gen Ed) transfer courses are those that have a letter/number combination in the right-hand column of the on-line [General Education Transfer Courses table](#). **

Basic Skills: (12 credit hours, must be completed with a grade of C- or better within the first 48 hours of college attendance.)

- ENGL 101 English Composition I
- ENGL 102 English Composition II
- COMM 101 Fundamentals of Speech
- MATH 115 College Algebra

Fine Arts and Humanities: (12 cr hrs)

INTRODUCTORY COURSES

Fine Arts (A1): Choose one course from the following disciplines for 3 credit hours. Must be a nonperformance course.

- ART 133 Art History I
- ART 134 Art History II
- MUSI 101 Music Appreciation
- THEA 101 Theatre Appreciation

Humanities (A2): Choose one course from two of the following disciplines for 6 credit hours.

- EDUC 151 Children's Literature
- ENGL 208 Intro to Western Literature
- ENGL 222 Explorations in Literature
- PHIL 101 Philosophy I
- PHIL 104 Intro to Logic
- RELI 101 Comparative World Religions
- RELI 103 Old Testament Survey
- RELI 105 New Testament Survey
- LANG Any Gen Ed course *
- HIST Any Gen Ed course *

Further Study Course: Choose a second 3 credit hour course from a discipline where you have taken an initial beginning level course; AND it must have an "A4" in the right-hand column of the online [General Education Transfer Courses table](#). *

Social & Behavioral Sciences: (9 cr hrs)

INTRODUCTORY COURSES-B2

- ECON 203 Macroeconomics

Choose one of the following for 3 credit hours.

- SOCI 101 Sociology
or
- PSYC 101 General Psychology

Further Study Course: Must be ECON 204

- ECON 204 Microeconomics

Natural Sci & Mathematics: (9 cr hrs min)

INTRODUCTORY COURSES-C2

Natural Sciences: Choose one course from the following disciplines for a minimum of 3 credit hours.

- CHEM 120 Intro to Chemistry
or
- CHEM 124 College Chemistry I
- PHYS 201 College Physics I
- PHYS 203 Engineering Physics I
- PHSC 101 Prin of Geology
- PHSC 103 Intro to Astronomy
- PHSC 105 Physical Science

- BIOL 120 Biology/Lab **and**

- BIOL 124 General Botany
or

- BIOL 120 Biology/Lab **and**

- BIOL 126 General Zoology

(BIOL 120 & 124 **or** 120 & 126 = 4 hrs of Gen Ed C2 credit.)

Mathematics: (3 cr hrs)

- MATH 127 Business Calculus

Further Study Course: Choose a second 3 credit hour course from a discipline where you have taken an initial beginning level course; AND it must have a "C4" in the right-hand column of the online [General Education Transfer Courses table](#). *

OTHER REQUIREMENTS:

Statistics: (3 cr hrs)

- MATH 120 Elementary Statistics

Computer Science: (3 cr hrs)

- COMP 110 Computer Concepts & App
or
- COMP 120 Computer Information

Required Business Courses:

- ACC 112 Financial Accounting
and
- ACC 113 Financial Accounting Lab
- ACC 114 Managerial Accounting
and
- ACC 115 Managerial Accounting Lab
(required for accounting majors)

TRANSFER STUDENTS SHOULD REMEMBER:

The following prerequisites must be met in order to enroll in upper-division courses in the Barton School of Business:

- 60 hours; 2.25 GPA;
- Basic Skills and courses equivalent to ACCT 210 (*Financial Accounting*), ACCT 220 (*Managerial Accounting*), ECON 201 (*Macroeconomics*), ECON 202 (*Microeconomics*), MATH 144 (*Business Calculus*), ECON 231/232 (*Business Statistics and lab/Excel*), BADM 160 (*Business Software*);
- a declared major in the school and
- completion of Advance Standing Exams.

Students must complete 45 hours of upper division course work at WSU. It is therefore imperative that students complete management and marketing as well as other upper division equivalent business courses at WSU.

A second General Education OPTION for certain transfer students: see page 26

COLLEGE OF EDUCATION

A GOOD CHOICE:

Programs in Wichita State's College of Education are among the most innovative in the region.

At WSU, you have the opportunity to teach children today and influence the world tomorrow.

If you choose to pursue a teaching degree in education, you'll be eligible to earn state licensure for working in elementary or secondary schools in Kansas from one of the most innovative programs in the region. You also can earn nonteaching degrees in exercise science, sport management, and athletic training.

Students who complete our unique teacher education program will get the benefit of excellent campus classes as well as the benefit of varied public school classroom experience — and lots of it — so they feel very well prepared when they graduate.

TRANSFER STUDENTS SHOULD REMEMBER:

The College of Education is accredited by all appropriate agencies, including the Kansas State Department of Education and the National Council for the Accreditation of Teacher Education. Transfer students are strongly encouraged to contact Education Support Services (ESS) in the Corbin Education building, room 107 (telephone [316] 978-3300), as soon as you have decided to transfer to the College of Education at Wichita State University. An ESS office staff member will complete a transcript evaluation, at your request.

TEACHER EDUCATION:

Admission to the College of Education does not mean that a student is accepted into one of the licensure programs in teacher education.

Students must satisfy the following requirements, in addition to those identified on the web site, to be admitted to the college's teacher education program.

1. Pass CI 271, Introduction to Professional Education, with a grade of *B* or better and CI 272 with a grade of satisfactory, or the equivalent.
2. Make passing scores on one of the following standardized tests: (PPST, ACT, CAAP, CBASE). Elementary and Early Childhood majors also need passing scores on the CBASE in Science & Social Studies.
3. Complete 35 hours of basic skills and general education courses that address requirements in the WSU General Education Program, including up to 10 hours of required courses in your subject major, with a minimum grade point average of 2.75.
4. Complete ENGL 101 and 102 (College English I and II), COMM 111 (Public Speaking), and MATH 111 (College Algebra) with the minimum grade required by Education.
5. Complete general psychology and an elementary statistics course. Math majors complete Calc I instead of elementary statistics.
6. Overall Grade Point Average (GPA) of 2.50 and a WSU GPA (if any) must be 2.50
7. Completion of the Teacher Education Application.

The Teacher Education Program requirements MAY change in accordance with new Kansas Department of Education requirements as well as new national accreditation requirements. Please check our website for additional requirements, and any admission and/or program updates:

www.wichita.edu/education

SPECIAL NOTE: The Teacher Education Application must be submitted and approved before you are eligible to take any professional education courses. All requirements for admission must be completed at that time (i.e., professional education class, statistics, psychology, standardized test(s), etc...).

- HIST Any Gen Ed course *

Further Study Course: Choose a second 3 credit hour course from a discipline where you have taken an initial beginning level course; AND it must have an "A4" in the right-hand column of the online [General Education Transfer Courses table](#). *

Social & Behavioral Sciences: (9 cr hrs)

INTRODUCTORY COURSES-B2

Choose one course from two of the following disciplines for 6 credit hours. One must be General Psychology

- ECON 203 Macroeconomics
- SOCI 101 Sociology
- SOCI 207 Anthropology
- GEOG 101 World Regional Geography
- GEOG 102 North American Geography
- PSYC 101 Gen Psych (see note above)
- POLS 105 American Government

Further Study Course: Choose a second 3 credit hour course from a discipline where you have taken an initial beginning level course; AND it must have a "B4" in the right-hand column of the online [General Education Transfer Courses table](#). *

Natural Sciences & Mathematics: (9 cr hrs)

INTRODUCTORY COURSES-C2

Choose one course in two different disciplines for a minimum of 6 credit hours. One course (with a lab) must be in biology, chemistry, geology, or physics; and one course must be elementary statistics (or calculus for math majors).

- CHEM 120 Intro to Chemistry
- CHEM 124 College Chemistry I
- PHYS 201 College Physics I
- PHYS 203 Engineering Physics I

- BIOL 120 Biology/Lab **and**
- BIOL 124 General Botany
- or**
- BIOL 120 Biology/Lab **and**
- BIOL 126 General Zoology

(BIOL 120 & 124 **or** 120 & 126 = 4 hrs of Gen Ed C2 credit.)

- PHSC 101 Prin of Geology
- PHSC 103 Intro to Astronomy
- PHSC 105 Physical Science
- MATH 130 Calculus I

Further Study Course: Choose a second 3 credit hour course from a discipline where you have taken an initial beginning level course; AND it must have a "C4" in the right-hand column of the online [General Education Transfer Courses table](#). *

OTHER REQUIREMENTS:

All Education majors: EDUC 140

Elementary and Early Childhood Education majors: HIST 101 or 102, anthropology or sociology, PHSC 101, GEOG 101, and a life science course.

Secondary History majors: POLS 105, HIST 101 & 102, HIST 103 & 104, HIST 201, GEOG 101.

GRADUATION REQUIREMENTS:

- You must complete at least 60 hours of four-year college work and 45 hours of upper-division work in order to graduate. Two-year college work will not be credited as junior- or senior-level work at WSU.
- You must complete at least 30 semester hours of credit at WSU.
- At least 24 of the last 30 or 50 of the last 60 hours must be completed at WSU.

* Go to www.wichita.edu; click on, in order: Browse A-Z, "G", General Education Transfer Courses

A second General Education OPTION for certain transfer students: see page 26

COLLEGE OF ENGINEERING

THE SCHOOL OF CHOICE:

Who's creative, analytical, technical? Why, an engineer, of course. Who knows how the world works better than an engineer? Who is trained to find interesting, creative solutions to all sorts of problems?

An engineer.

The College of Engineering's state-of-the-art equipment provides hands-on experience to prepare you for a fast-track career.

Studying engineering is a sensible strategy for success. Did you know that half the managers in American industry are people who studied engineering in college? Many businesses and graduate and professional schools actively recruit engineering students because of their finely developed analytical and creative skills.

WHY WICHITA STATE? We have the brightest, most diverse minds ready to help guide you in your studies. Of our distinguished faculty, forty-seven earned the PhD from thirty-six different U.S. universities. And thirty-nine of those professors earned their degrees from the very cream of the crop as listed by the *U.S. News and World Report*.

Our professional undergraduate degree programs in aerospace, computer, electrical, industrial, manufacturing, and mechanical engineering are accredited by ABET (Accreditation Board for Engineering and Technology). College of Engineering also offers degrees in bioengineering and computer science.

The programs of study prepare students for professional positions in industry after the bachelor's degree or allow them to continue in graduate studies for a more active participation in research and advanced study. Around thirty-one percent of all engineers at the six major aircraft companies — Boeing, Spirit, Cessna, Learjet, Hawker-Beechcraft and Airbus — hold Wichita State engineering degrees.

The College of Engineering at WSU offers a co-op education program which allows students to supplement their academic knowledge with real-world experience. They may work part-time while studying or alternate classroom periods with paid work periods in the industry of their choice.

The college has well-equipped laboratory facilities for required courses and student design projects as well as research labs available for undergraduate employment.

All Engineering students have access to computer laboratories for academic personal use.

At WSU you'll enjoy a diverse metropolitan campus in the heart of the business and technology center of Kansas. You'll find many opportunities for social and cultural enrichments.

- PHYS 210 Statics
- PHYS 208 Engineering Physics II
- CHEM 124 College Chemistry II
- MATH 131 Calculus II
- MATH 201 Calculus III
(not required for bioengineering or computer science)
- MATH 202 Differential Equations
(not required for industrial engineering or computer science)

Most engineering courses have prerequisites and/or corequisites; the former must have been completed before a course can be taken, and the latter must have been taken or be taken concurrently with the course.

DEGREE COMPLETION

By completing the courses outlined in this Transfer Guide for the College of Engineering, a transfer student will have only engineering courses (plus any unmet engineering requirements like PHIL 385) remaining to meet the degree requirements. Specific engineering courses for each engineering program will be provided during student advisement. These engineering courses will satisfy the WSU graduation requirement of "at least 60 hours of four-year college work and 45 hours of upper-division work." If some of these courses are transferred from other engineering schools, a transfer student must complete: (1) at least 30 semester hours of credit and (2) at least 24 of the last 30 semester hours or 50 of the last 60 semester hours at WSU. To graduate from an engineering program, a candidate must attain a 2.0 grade point average (GPA) in each of the following categories: (1) all college and university work attempted (cumulative GPA), (2) all work attempted at WSU (WSU GPA), and (3) all work in the student's major at WSU.

COLLEGE OF FINE ARTS

A GOOD CHOICE:

The College of Fine Arts is the perfect place to develop your creative talents. The college has so many graduates who have become nationally and internationally successful in their chosen fields. Wichita State's partnerships with professional arts organizations and businesses within the state's largest city provides students with countless opportunities to work in a myriad of professional settings, giving them many advantages in career development.

In Henrion Hall, ceramics students can hand-build, cast, throw, and fire their creations.

The college is comprised of three schools — Art and Design, Music, and Performing Arts (Theatre, Musical Theatre and Dance) and is the only comprehensive College of Fine Arts in the State of Kansas.

We have the people, facilities, and program that will inspire you to develop your talents.

STUDY WITH THE BEST: Whether you choose to study dance, theatre, music theatre, graphic design, music, or studio art, you will study with the best.

The college offers a unique degree in Musical Theatre which has equal training in theatre/acting, dance/movement, and music/singing. Besides presenting two yearly musical theatre productions at the university, the program will also allow students to work as interns with professional musical theatre companies as part of their training for this currently popular art form.

The WSU Opera Theater is a highly recognized national program. Productions ranging from *Madame Butterfly* to *Amahl and the Night Visitors* have received acclaim for staging, scenery, costumes, blocking, and both vocal and instrumental music. The WSU Opera Theater productions are major highlights of the musical season in Wichita.

Walter Mays compositions have twice been nominated for the coveted Pulitzer Prize in Music - *Voices From The Fiery Wind* in 1981 and *Quartet in G Minor*, a commissioned work for the Pro Arte Quartet in 1998. Dr Mays is the

WSU Board of Trustees Distinguished Professor of Music.

Ron Christ received the 1995 Governor's Art's Award as the outstanding visual artist in Kansas. While on sabbatical during 1995, he was visiting artist and lecturer at the International School of Art in Umbria, Italy. An artist whose work is in big demand, he has sold out his last two painting exhibits at the Elliot Smith Contemporary Art Gallery in St. Louis.

Judith Babnich's specialty is teaching acting, voice, and dialects. She is the director of *Secrets*, an AIDS awareness play. She has also received the Regents' Award for Leadership in the Advancement of Teaching.

Mary Sue Foster was named the Outstanding Kansas Art Educator and was also the Outstanding Kansas Art Educator - Higher Education for 2003-2004 and the 2004 Western Region Higher Education Art Educator of the Year. She has served as Vice President of the NAEA while serving as its Statistical Coordinator and Newsletter editor for the eighteen state Western Region.

Nick Johnson and his Alithea Mime Theatre were invited to perform at the 2006 United Nations Youth Assembly Conference in New York City and the 2009 International Mime Art Festival in Warsaw, Poland.

Courses Recommended for Fine Arts Majors Transferring to Wichita State from Labette Community College

GENERAL EDUCATION REQUIREMENTS

General Education (Gen Ed) transfer courses are those that have a letter/number combination in the right-hand column of the on-line General Education Transfer Courses table. *

Basic Skills: (12 credit hours, must be completed with a grade of C- or better within the first 48 hours of college attendance.)

- ENGL 101 English Composition I
- ENGL 102 English Composition II
- COMM 101 Fundamentals of Speech
- MATH 115 College Algebra

NOTE: The classes listed below under Fine Arts and Humanities, Social and Behavioral Sciences, and Natural Sciences and Mathematics are suggested but are not a total list of classes accepted for satisfying the requirements of these areas. Please check with a **WSU Fine Arts Academic Records Coordinator (See p. 18)** for other possibilities.

Fine Arts and Humanities: (12 cr hrs)

INTRODUCTORY COURSES

Fine Arts (A1): Choose one course from the following disciplines for 3 credit hours. Please check with a **WSU Fine Arts Academic Records Coordinator (See p. 18)** to ascertain which of the Fine Arts classes listed below will apply to the desired major.

- ART 133 Art History I
- ART 134 Art History II
- MUSI 101 Music Appreciation
- THEA 101 Theatre Appreciation

Humanities (A2): Choose one course from two of the following areas for 6 credit hours.

- EDUC 151 Children's Literature
- ENGL 208 Intro to Western Literature
- ENGL 222 Explorations in Literature
- PHIL 101 Philosophy I
- PHIL 104 Intro to Logic
- RELI 101 Comparative World Religions
- RELI 103 Old Testament Survey
- RELI 105 New Testament Survey
- HIST 101 American History to 1877
- HIST 102 American History since 1877
- HIST 103 World Civ to 1500
- HIST 104 World Civ since 1500

Further Study Course: Choose a second 3 credit hour course from a discipline where you have taken an initial beginning level course; AND it must have an "A4" in the right-hand column of the online General Education Transfer Courses table. *

Social & Behavioral Sciences: (9 cr hrs)

INTRODUCTORY COURSES-B2

Choose one course from two of the following disciplines for 6 credit hours. Art education and music education majors must have General Psychology as one course.

- ECON 203 Macroeconomics
- SOCI 101 Sociology
- SOCI 207 Anthropology
- GEOG 101 World Regional Geography
- GEOG 102 North American Geography
- PSYC 101 Gen Psych (see note above)
- POLS 105 American Government

Further Study Course: Choose a second 3 credit hour course from a discipline where you have taken an initial beginning level course; AND it must have a "B4" in the right-hand column of the online General Education Transfer Courses table. *

Natural Sciences & Mathematics: (9 cr hrs)

INTRODUCTORY COURSES-C2

Choose one course from two of the following disciplines for a minimum of 6 credit hours. One course (with a lab) must be biology, chemistry, physics, or geology.

- BIOL 101 Biology
- CHEM 120 Intro to Chemistry
- CHEM 124 College Chemistry I
- PHYS 201 College Physics I
- PHSC 101 Prin of Geology
- PHSC 103 Intro to Astronomy
- PHSC 105 Physical Science
- MATH 130 Calculus I

BIOL 120 Biology/Lab ** and

BIOL 124 General Botany **

or

BIOL 120 Biology/Lab ** and

BIOL 126 General Zoology **

(BIOL 120 & 124 or 120 & 126 = 4 hrs of Gen Ed C2 credit.)

Further Study Course: Choose a second 3 credit hour course from a discipline where you have taken an initial beginning level course; AND it must have a "C4" in the right-hand column of the online General Education Transfer Courses table. *

GRADUATION REQUIREMENTS:

- You must complete at least 60 hours of four-year college work and 45 hours of upper-division work in order to graduate. Two-year college work will not be credited as upper division work at WSU.
- You must complete at least 30 semester hour credit at WSU.
- At least 24 of the last 30 or 50 of the last 60 hours must be completed at WSU.
- The Bachelor of Arts degrees in art, music or theatre are designed for students who want a strong liberal arts education with a concentration (60 hours) in art, music or theatre.
- The Bachelor of Arts in art history requires a reading proficiency of a major foreign language and 40 credit hours of upper-division art courses.
- Art, music, & speech-theater education degrees require WSU PSY 111 & STAT 370. Students will take 18-30 hrs in art, music or speech-theater education methods in addition to 47-60 hrs of required art, music or speech-theater discipline courses. In addition, admission to teacher education & completion of professional education courses are required (see College of Education pgs 14 & 15). Dual advising with a fine arts education advisor is highly recommended.
- The Bachelor of Fine Arts and Bachelor of Music degrees require more than 80 hours of art/music.

OTHER REQUIREMENTS: Upon acceptance to WSU, students must submit a digital portfolio of 4-15 artworks to the School of Art & Design. Please contact the WSU School of Art & Design Academic Records Coordinator for details or website. (See p. 18)

For junior class standing:

Art Majors: ART 103, 104, 107, 133 and a studio arts elective plus WSU course or equiv., ARTF 137 (Foundation Design II), ARTH 122 (Survey Art History II) ARTS 340 (Life Drawing).

Music Majors: MUSI 103, 139 & 142, 141 & 143, 220, 221, 225 and 226, 139, 141, 225, 230.

Theatre Majors: THEA 101, plus WSU courses or equivalents: THEA 243 (Acting I), THEA 244 (Stagecraft), THEA 253 (Costuming for Stage), THEA 254 (Stage Makeup), and THEA 272 (Stage and Theatre Management).

Dance Majors: PED 171 and 183 plus WSU courses or equivalents: DANC 201 (Modern Dance 1), DANC 220 (Jazz 2), and DANC 225 (Survey of Dance History).

COLLEGE OF HEALTH PROFESSIONS

A GOOD CHOICE:

A career in health care is an outstanding choice in today's employment environment.

There continues to be demand for dental hygienists, nurses, medical technologists, health services managers, and other health care professionals.

The demand for health care workers continues to rise. WSU's highly competitive, accredited nursing program provides hands-on clinical experiences through arrangements with over 100 agencies in Wichita and surrounding communities.

WSU's nationally accredited health professions programs provide a strong foundation and the practical experience to help you succeed. More than 90 percent of our graduates pass their board exams on the first try.

The College of Health Professions prepares graduates for clinical and administrative roles in urban, rural, and medically underserved areas of Kansas. You will learn in the classroom and in clinical settings. Our location in south central Kansas' major medical center provides students access to outstanding health care facilities and professionals. WSU's first rate facilities enhance learning through multimedia and interactive video classrooms and computer laboratories.

Admission into our professional programs can be very competitive. Admission to the University does not guarantee admission into any program. YOU MUST MEET PROGRAM PREREQUISITES and apply through the specific program.

Each department has extensive information available on our website at www.chp.wichita.edu for your convenience. If you don't have Internet access you may contact the department to obtain an information packet, including a complete list of prerequisite courses and application deadlines and procedures.

Communication Sciences & Disorders

- You must complete at least 60 hours of four year college work and 45 hours of upper division work in order to graduate. Two year college work will not be credited as upper-division work at WSU.
- You must complete at least 30 semester hours of credit at WSU.
- At least 24 of the last 30 or 50 of the last 60 hours must be completed at WSU.

Courses Recommended for Health Professions Majors Transferring to Wichita State from Labette Community College

GENERAL EDUCATION REQUIREMENTS

General Education (Gen Ed) transfer courses are those that have a letter/number combination in the right-hand column of the on-line General Education Transfer Courses table. *

Basic Skills: [12 credit hours, must be completed with a grade of **C** (2.00) or better within the first 48 hours of college attendance.]

- ENGL 101 English Composition I
- ENGL 102 English Composition II
- COMM 101 Fundamentals of Speech
- MATH 115 College Algebra

Fine Arts and Humanities: (12 cr hrs)

INTRODUCTORY COURSES

Fine Arts (A1): Choose one course from the following disciplines for 3 credit hours. Must be a nonperformance course.

- ART 133 Art History I
- ART 134 Art History II
- MUSI 101 Music Appreciation
- THEA 101 Theatre Appreciation

Humanities (A2): Choose one course from two of the following disciplines for 6 credit hours.

- ENGL Any Gen Ed course *
- HIST Any Gen Ed course *
- RELI 101 Comparative World Religions
- RELI 103 Old Testament Survey
- RELI 105 New Testament Survey
- PHIL 101 Philosophy I
- PHIL 104 Intro to Logic
- LANG Any Gen Ed course *

Further Study Course: Choose a second 3 credit hour course from a discipline where you have taken an initial beginning level course; AND it must have an "A4" in the right-hand column of the online General Education Transfer Courses table. *

Social & Behavioral Sciences: (9 cr hrs)

INTRODUCTORY COURSES-B2

Choose one course from two of the following disciplines for a minimum of 6 credit hours.

- ECON 203 Macroeconomics
- SOCI 101 Sociology
- PSYC 101 General Psychology
- Any anthropology, geography or political science course

Further Study Course: Choose a second 3 credit hour course from a discipline where you have taken an initial beginning level course; AND it must have a "B4" in the right-hand column of the online General Education Transfer Courses table. *

Natural Sciences and Mathematics:

INTRODUCTORY COURSES-C2

Choose one course from two of the following disciplines. One course (with a lab) must be in biology, chemistry or physics. Also see more specific requirements under "additional prerequisite courses for each major."

- BIOL 101 Biology
- CHEM 120 Intro to Chemistry
- CHEM 124 College Chemistry I
- PHYS 201 College Physics I

- BIOL 120 Biology/Lab ** and
- BIOL 124 General Botany **
- or**
- BIOL 120 Biology/Lab ** and
- BIOL 126 General Zoology **

(BIOL 120 & 124 or 120 & 126 = 4 hrs of Gen Ed C2 credit.)

Further Study Course: Choose a second 3 credit hour course from a discipline where you have taken an initial beginning level course; AND it must have a "C4" in the right-hand column of the online General Education Transfer Courses table. *

BACHELOR DEGREES Requirements

General Education requirements, and the specified prerequisite course for each major, must EACH be completed with a grade that generates 2.00 or more credit points per credit hour.

Additional prerequisite courses for each major are listed below:

Communication Sciences and Disorders:

For admission a 2.75 GPA. Recommend completion of PSYC 101, MATH 120, a biology and a physical science course.

Dental Hygiene: For admission a 2.75 GPA; PSYC 101, SOCI 101, CHEM 120, BIOL 130, BIOL 201, PED 114 and OTEC 124.

Health Science: For admission a 2.25 GPA; 14 credit hours in Natural Science & Math (including chemistry and anatomy & physiology), OTEC 124, NURS 117, and PED 114; consult with WSU Health Professions advisor.

Health Services Management and

Community Development: For admission a 2.25 GPA in at least 42 credit hours including OTEC 124, MATH 120, & interpersonal communication. For management focus, business minor is expected: ECON 203 & 204, plus WSU courses.

Medical Technology: For admission a 2.5 GPA; PSYC 101, CHEM 124 & 126, CHEM 204, BIOL 120, 124, & 126, BIOL 130, BIOL 201 & NURS 117; plus at WSU, medical immunology.

Nursing: For admission a 2.75 GPA; PHIL 101 or 104, PSYC 101, PSYC 201, SOCI 101, CHEM 120 or CHEM 124, BIOL 130, BIOL 201, MATH 120, OTEC 124, PED 114, NURS 117; plus at WSU, Pharmacology & Bioethics. Computer competency test is required. LPNs can earn up to 10 credit hours by exam through the LPN to BSN Program.

RN to BSN Program for Practicing RNs:

(2.5 GPA) See prerequisites listed under Nursing. This program's core curriculum is taught through distance learning formats including the Internet and a preceptored clinical experience.

Pre-Physician Assistant: For admission a 3.0 GPA; bachelor's degree including CHEM 124 & 126, BIOL 120 & 124 or 120 & 126, BIOL 130, BIOL 201, OTEC 124 and NURS 117.

Pre-Physical Therapy: For admission a 3.0 GPA; bachelor's degree including PSYC 101, PSYC 201, CHEM 124 & 126, BIOL 120 & 124 or 120 & 126, BIOL 130, MATH 120, MATH 125, PHYS 201, PHYS 205, OTEC 124; plus at WSU Exercise Physiology.

* Go to www.wichita.edu; click on, in order: Browse A-Z, "G", General Education Transfer Courses

A second General Education OPTION for certain transfer students: see page 26

FAIRMOUNT COLLEGE OF LIBERAL ARTS AND SCIENCES

A GOOD CHOICE:

Liberal arts and sciences students enjoy a broad spectrum of career opportunities. From leading a nation to flying in space shuttles, as an LAS grad there is no limit to what you may do. Classes and programs in the Fairmount College of Liberal Arts and Sciences recognize and affirm the dynamic nature of the world, the dignity and importance of all societies, and the need for all citizens to be prepared for a changing future.

A liberal arts and sciences degree positions you for success across many fields of study, both today and in the future.

WHY STUDY THE LIBERAL ARTS AND SCIENCES?

Because your life will be enriched in unimaginable ways. Instead of being a passive observer, you'll become a knowledgeable, active eyewitness able to develop informed opinions and sound decisions based on reason and fact. Through independent thought and analysis, you'll know how and why a social or political issue will affect you. As you watch a theatrical performance, you'll understand the historical context of the play, the physics of the sound and lighting, and elements of the human experience.

Students who complete degrees in the liberal arts and sciences develop valuable skills applicable to any profession. By the time you graduate, you will possess proficiency in oral and written communication; analytical thinking and problem solving; interpersonal relationships; global understanding; and the ability to think logically and intelligently

about social and moral issues.

Fairmount College of Liberal Arts and Sciences offers undergraduate majors in natural sciences and mathematics, social sciences, humanities, and programs of professional training. An education in these disciplines will help you develop critical thinking skills, knowledge, and appreciation of science, the arts, and different cultures. You'll also have an awareness of civic responsibilities—as well as professional preparation.

Fairmount College serves as “home” for the General Education Program at Wichita State University. These courses, as well as additional department offerings presented in an environment stimulated by research and practical experience, provide students with skills that are intrinsically valuable and fundamental to professional training and the needs of the workplace.

STUDY WITH THE BEST:

Fairmount College is composed of an outstanding and diverse faculty. No matter what area you choose to study, you'll find

an expert here.

Dr. James Sndyer, Katherine and Edith Erker Distinguished professor, psychology, is known nationally for his study of family and peer socialization of children, development of aggression and delinquency, and behavioral family intervention. He has garnered more than \$5 million in federal, state and local research grants. He is a recipient of Wichita State University's Excellence in Teaching Award.

Dr. Niall Shanks, Curtis D. Gridley Professor in the History and Philosophy of Science, studies theoretical issues in the biological and biomedical sciences. He has published books and articles critiquing intelligent design theory as well as the use of animals in experimentation.

Jeanine M. Hathaway, Professor of English/Creative Writing and a nationally recognized poet, is a recipient of WSU's award for Excellence in Creative Activity. She was selected as winner of the Vassar Miller Prize in Poetry for her collection, “The Self as Constellation, published by the University of North Texas Press.

What can you do with a liberal arts and sciences degree?

Anything you want!

Dr. Victor Isakov, Emylou Keith and Betty Dutcher Distinguished Professor of Mathematics, studies aircraft cabin noise and crack detections. He has been recognized with WSU's Excellence in Research Award.

Dr. Wilson Baldrige, Professor of French, recently translated poet Michel Deguy's collection of poems, "Recumbents." His work garnered him the PEN Award for Poetry in Translation. The Modern Language Association also recognized him with the Aldo and Jeanne Scaglione Prize for Outstanding Translation of a Library Work.

Dr. Deborah Ballard-Reisch, Professor and Kansas Health Foundation Distinguished Chair in Strategic Communication, has taught throughout the U.S., Canada, Kazakhstan, Kyrgyzstan, Mongolia, Russia, and Zimbabwe. Her areas of specialty include judicial education, communication, leadership, gender, culture, and advocacy. She was a Fulbright Scholar in Russia and received a Fulbright Alumni Initiatives Award to study women's health in the Tatarstan Republic of Russia.

GAIN EXPERIENCE BEFORE YOU GRADUATE

You can gain a competitive advantage over your classmates and other job seekers by getting valuable work experience before you graduate. During the spring 2010 semester, 147 Fairmount College students participated in Cooperative Education placements and internships related to their major. Overall, they earned 349 credit hours and were paid at the average hourly wage of \$11.21.

Sound good? To participate, you must be a degree-bound LAS student enrolled in at least six hours, have a 2.0 grade point average and have completed 24 credit hours. For more information, contact Cooperative Education and Work-based Learning, 978-3688.

SUCCESSFUL ARTS AND SCIENCES GRADUATES

These well-known people completed undergraduate degrees in the liberal arts and sciences:

- Albert Einstein, **mathematics** and **physics**, physicist
- Jodie Foster, **literature**, actress
- Barbara Kingsolver, **biology**, author
- Michelle Malkin, **English**, commentator
- Barack Obama, **political science**, U.S. President
- Soledad O'Brien, **English** and **American literature**, CNN anchor
- Sally Ride, **English** and **physics**, astronaut
- Antonin Scalia, **history**, U.S. Supreme Court
- Kathleen Sebelius, **political science**, U.S. Secretary of Health and Human Services
- Oprah Winfrey, **speech** and **drama**, talk show host

"The ability to be autonomous and in control of one's own life requires a broad knowledge base, the ability to discriminate and make nuanced judgments, the ability to conduct independent research, and the exercise of critical reasoning skills. A liberal arts and sciences education provides this experience."

– David Soles, professor of philosophy

READY TO JOIN US?

Our academic advisors will help you design a degree plan that fits your needs and goals. You can also talk with an advisor about double majors, minors and areas of concentration. If you're still not sure, we'll work with you until you are ready to declare a major.

Fairmount College confers the Associate of Arts, Bachelor of Arts, Bachelor of Science and Bachelor of General Studies degrees. The Associate of Arts degree requires a minimum of 65 credit hours, including 15 hours in residency at Wichita State University. Fifty of the 65 credits must be from liberal arts and

sciences departments. Students must also maintain specific GPA requirements. Each baccalaureate degree requires the completion of a minimum of 124 credit hours, and additional standards regarding GPA and residency.

If a specific degree plan isn't offered, we can help you create it from our disciplines and areas of study. Listed below is a sampling of what we offer:

- Anthropology and Archaeology
- Biological Sciences
- Chemistry
- Classical Studies
- Communication
- Criminal Justice
- Economics
- English
- Forensic Science
- French
- Geology
- History
- Law pre-professional program
- Medicine, chiropractic, dentistry, optometry, pharmacy, podiatry and veterinary pre-professional programs
- Mathematics and Statistics
- Philosophy
- Physics
- Political Science
- Psychology
- Social Work
- Sociology
- Spanish
- Women's Studies

Courses Recommended for Liberal Arts and Sciences Majors Transferring to Wichita State from Labette Community College

GENERAL EDUCATION REQUIREMENTS

General Education (Gen Ed) transfer courses are those that have a letter/number combination in the right-hand column of the on-line General Education Transfer Courses table. *

Basic Skills: (12 credit hours, must be completed with a grade of **C-** or better within the first 48 hours of college attendance.)

- ENGL 101 English Composition I
- ENGL 102 English Composition II
- COMM 101 Fundamentals of Speech
- MATH 111 College Algebra w/Review
- MATH 115 College Algebra

Courses in the major cannot be used to satisfy University General Education requirements. The courses below are a partial list of appropriate classes in each of the General Education areas. For a complete list of approved courses in General Education, go online. See the note below.

Fine Arts and Humanities: (12 cr hrs)

INTRODUCTORY COURSES

Fine Arts (A1): Choose one course from the following disciplines for 3 credit hours. Must be a nonperformance course.

- ART 133 Art History I
- ART 134 Art History II
- MUSI 101 Music Appreciation
- THEA 101 Theatre Appreciation

Humanities (A2): Choose one course from two of the following disciplines for 6 credit hours. One must be **literature**.

- ENGL Any Gen Ed course *
- RELI Any Gen Ed course *
- PHIL Any Gen Ed course *
- HIST Any Gen Ed course *
(see note ** below)

Further Study Course: Choose a second 3 credit hour course from a discipline where you have taken an initial beginning level course; AND it must have an "A4" in the right-hand column of the online General Education Transfer Courses table. *

Social & Behavioral Sciences: (9 cr hrs)

INTRODUCTORY COURSES-B2

Choose one course from two of the following disciplines for 6 credit hours

- ECON 203 Macroeconomics
- SOCI 101 Sociology
- SOCI 207 Anthropology
- GEOG 101 World Regional Geography
- PSYC 101 General Psychology
- POLS Any Gen Ed course *
(See note** below)

** Include HIST 101 or 102 in the Humanities section or POLS 105 in this section.

Further Study Course: Choose a second 3 credit hour course from a discipline where you have taken an initial beginning level course; AND it must have a "B4" in the right-hand column of the online General Education Transfer Courses table. *

Natural Science & Mathematics:(9-12 cr hrs)

INTRODUCTORY COURSES-C2

A minimum of two science courses are required, including a biological, a physical and a laboratory experience. Science majors should consult with a WSU advisor to ensure meeting specific major or accreditation requirements.

- BIOL Any Gen Ed course *
- CHEM Any Gen Ed course *
- PHYS Any Gen Ed course *
- PHSC Any Gen Ed course *

Students who have not completed at least two years of high school laboratory science must take an additional science course.

Further Study Course: Choose a second 3 credit hour course from a discipline where you have taken an initial beginning level course; AND it must have a "C4" in the right-hand column of the online General Education Transfer Courses table. *

OTHER REQUIREMENTS

Foreign Language:

Foreign language is required for all BA students and for the BS in Criminal Justice. If no high school background, pass first two classes (5 hours each) and 5 hours intermediate level in one language. If two years high school, pass 5 hours intermediate level in same language **OR** first two classes (5 hours each) in new language. Because 45 hours of upper division credits (junior/senior level classes) are required for a degree, begin foreign language studies early in your college program.

Further Information on Math:

If further math is needed for major, continue with Trigonometry (MATH 125) and Calculus I (MATH 130) **OR** begin at calculus level if qualified.

Classes to Begin LAS Majors:

In the first two years of college, the above program may include one or two classes that begin the major. Students transferring 48 or more hours to LAS must declare a specific LAS major or degree preference during the first semester of enrollment. The best initial classes for LAS majors are listed below by type:

Anthropology (BA) Use SOCI 207. Remainder of major at WSU.

Biology (BA or BS) Start Chem 124/126 early. May use BIOL 124/126

Chemistry (BA or BS) CHEM 124/126. Will need Calculus III (MATH 201) for degree and calculus-based Physics (PHYS 203/208)

A second General Education OPTION for certain transfer students: see page 26

Courses Recommended for Liberal Arts and Sciences Majors Transferring to Wichita State from Labette Community College (continued)

Every Bachelor of Arts (BA) degree in Liberal Arts and Sciences includes a foreign language requirement. In addition, the BS degree in Criminal Justice also includes a foreign language requirement.

Classes to Begin LAS Majors (continued):

Communication (BA) Take all COMM major courses at WSU.

Criminal Justice (BS) Use CRIM 137. Remainder of major at WSU.

English (BA) Two courses from ENGL 212-213. Creative Writing (ENGL 200) if interested.

Forensic Science (BS) Begin CHEM 124/126 plus 204/207, BIOL 124/126 and 130, and PSYC 101.

Geology (BA or BS) Begin calculus sequence and CHEM 124/126. PHSC 101 begins major.

History (BA) Take major courses at WSU.

Mathematics (BA or BS) Calculus sequence

Modern Languages (BA) Use only 5-hour classes and begin at appropriate level for the individual.

Philosophy (BA) PHIL 101 AND 102. Complete major at WSU.

Physics (BA or BS) Do calculus sequence and PHYS 203/208.

Political Science (BA) In addition to POLS 105, could use POLS 103. Remainder of major at WSU.

Psychology (BA) Use PSYC 101, plus 201. Remainder of major at WSU.

Social Work (BA) Use SOCI 101, 112, and PSYC 101. Remainder of major at WSU.

Sociology (BA) SOCI 101 plus 201. Remainder of major at WSU.

Women's Studies (BA) Complete major courses at WSU.

GRADUATION REQUIREMENTS:

- 124 credit hours **minimum*** is required for
Bachelor of Arts (BA)
Bachelor of Science (BS)
Bachelor of General Studies (BGS)

(Grad Requirements continued in next column)

- **60 hrs minimum*** must be completed at a 4-year institution.

***Note: Students who transfer more than 64 hours from a 2 year institution must still complete 60 hours at a 4 year institution.**

Therefore, the transferred hours plus the 60 hours required at a 4 year institution will exceed the 124 hour minimum required for graduation from WSU. In addition some degrees at WSU already require more than a 124 hour minimum.

- 45 hours of upper division coursework (300 level and above) at a 4-year institution.
- **Note:** Credit from a 2-year institution cannot be used to satisfy this requirement, regardless of the transfer equivalency number.
- Students must maintain a 2.0 GPA in both the overall hours and in the hours taken only at WSU to remain in good academic standing. Some majors and minors require a GPA above 2.0. Consult your academic advisor for details.
- 30 hours minimum must be completed at WSU to earn a degree from WSU.
- 24 of the last 30 or 50 of the last 60 hours must be completed at WSU to earn a degree from WSU.
- BGS degree: no more than 30 hours from one department, no more than 60 hours in one division, no more than 30 hours outside LAS will count toward graduation.
- BA degree: no more than 45 hours in the major will count toward graduation.
- BS degree: no more than 50 hours in the major will count toward graduation.

OTHER PROGRAM OPTIONS

Field Majors:

The Bachelor of Arts Field Major integrates 3 academic areas, which may be thematically or occupationally related. At least two areas are chosen from Liberal Arts and Sciences. The degree may include courses offered in any LAS academic department, and in some departments in other colleges.

Several pre-structured field majors are available: Students can choose Classical Studies, Global Studies, International Studies with a focus on a selected geographical area, or International Studies with an International Business focus, all of which include foreign language proficiency.

Additional choices of field majors in Chemistry-Business or Bio-Chemistry do not require completion of a foreign language.

General Studies:

The Bachelor of General Studies (BGS) degree can be earned from any LAS department. A BGS degree does not require a foreign language.

Professional Teaching Fields:

A professional teaching field in Foreign Language Pre-K through 12 may be obtained through the College of Liberal Arts and Sciences. A professional teaching field for middle and secondary school teachers is offered through the College of Education as are teaching fields in all other areas.

Pre-Professional Programs: Pre-Law and Pre-Medical professions:

Chiropractic, Dentistry, Medicine, Optometry, Pharmacy, Podiatry and Veterinary Medicine.

General Education Requirements

Transfer students who have completed 24 or more hours of approved college curricula at an accredited U.S. post-secondary institution since their high school graduation date, before starting classes at WSU as a degree bound student, will have the option of following either the Kansas Board of Regents (KBOR) Transfer and Articulation General Education policy (A), OR the WSU General Education Program requirements (B).

- A. The Kansas Board of Regents (KBOR) Transfer and Articulation Policy (2007) indicates that to satisfy “the general education requirements for the bachelor degree of all Kansas public universities, a minimum of 45 credit hours of general education with distribution in the following fields will be required.”

12 hours of Basic Skills courses, including:

- 6 hours of English Composition
- 3 hours of Public Speaking or Speech Communication
- 3 hours of college level Mathematics (Algebra)

12 hours of Humanities courses from at least 3 of the following disciplines:

- | | |
|-----------------|--|
| Art History | Music (not performance courses) |
| Communication | Dance, Theatre (not performance courses) |
| History | English or Literature |
| Philosophy | Modern Languages (3rd semester or above) |
| Women’s Studies | Religion |

12 hours of Social and Behavioral Science courses from at least 3 of the following disciplines:

- | | | |
|------------------|-------------------|-------------|
| Anthropology | Ethnic Studies | Psychology |
| Criminal Justice | Geography | Sociology |
| Economics | Political Science | Social Work |

9 hours of Mathematics, Natural/Physical Science courses from at least two disciplines:

- Biology, Chemistry, Geology, Physics, Mathematics (1 science course must include a lab)

- B. The WSU General Education program requires 42 credit Hours:

- The same Basic Skills courses as above
 - One Fine Arts Introductory course (not performance courses)
 - Humanities: two Introductory courses in two different disciplines
 - Social and Behavioral Sciences: two Introductory courses in two different disciplines and one Further Study course
 - Mathematics & Natural Sciences: Same as KBOR, except some programs do not require a lab science
- } and one Further Study course

KBOR Planning Sheet on next page

The details:

1. While completion of an AA or AS degree does not guarantee that either WSU or KBOR General Education requirements have been met, planning and active participation in our dual-advising program during those two years can assure that.
2. General Education courses are: WSU courses that are on the approved list –see the WSU Catalog; and those transfer courses identified in WSU’s data base as meeting WSU General Education guidelines. Gen Ed transfer courses by Kansas institution can be accessed online at www.wichita.edu:
Click on “Browse A-Z”, then on “G”, then on “General Education Transfer Courses.”
3. No course in the student’s primary major department may be used to satisfy a General Education requirement.
4. How a course transfers – the WSU equivalency - determines its division (Humanities, Social & Behavioral Sciences, etc.), not the subject area or division at the sending institution.
5. Completion of the University General Education requirements does not mean that specific College course requirements have been met, even though those courses at WSU might also be Gen Ed courses.

Planning to Meet KBOR General Education Requirements for WSU

Only WSU or transfer courses approved by WSU for Gen Ed, can be used for KBOR requirements.

*Approved transfer courses are at www.wichita.edu: Browse A-Z: "G"; General Education Transfer Courses, and are indicated by the codes *BASC*; *A1,A2, etc*; *B2, etc.*; *C2, etc.* as listed below.*

<p>Basic Skills (BASC)</p> <p>Complete each course with grade of C- (C minus) or higher within first 48 hours of college work</p>	<p>ENGL 101 English Composition I</p> <p>_____ YOUR COURSE</p>	<p>ENGL 102 English Composition II</p> <p>_____ YOUR COURSE</p>	<p>COMM 111 Public Speaking</p> <p>_____ YOUR COURSE</p>	<p>MATH 111 or 131 Coll Alg/Contemp Math</p> <p>_____ YOUR COURSE</p>
<div style="border: 1px solid black; padding: 5px; display: inline-block;"> <p>Basic Skills courses must carry the approved code of "BASC"</p> </div>				

All courses used for General Education must be *outside the major*.

RESOURCES FOR ACADEMIC SUCCESS

Wichita State University, wanting all students to succeed, provides resources to help students reach—or surpass—their goals.

- Courses
- Global Learning
- Supplemental Instruction
- Student Support Services
- Computer Labs
- E-mail
- Language Labs
- Math Lab
- Writing Center
- Study Skills Videotapes
- Repeat Policy
- Withdrawal/Drop Policy

Courses:

LASI 101, Intro to the University

A 3-credit-hour course is offered to acquaint new students with University resources. Through it students make vital connections to University faculty and campus resources. In addition to information about the majors within that college, the course includes such topics as time management, library skills, study skills, campus policies and procedures, stress management, and coping strategies.

LASI 102, Career Exploration

This 2-credit-hour course focuses on career exploration, educational planning, and career trends. Students use various assessments and exercises to explore values, interests, and skills related to career choice. In addition to considering the integration of college major and career path, students research occupations and gain knowledge of labor market trends.

LASI 170, Intro to Library Research

In this 1-credit-hour course, students learn how to locate and retrieve information in both electronic and print formats and how to evaluate research on its scholarly merit.

Global Learning

Courses so identified incorporate Global Learning, which means WSU students will have the opportunity to learn collaboratively with students, faculty and experts at overseas universities and institutions or corporations. For more information about Global Learning see:

gl.wichita.edu

Supplemental Instruction

Courses with the Supplemental Instruction component offer informal study sessions in addition to the regular class periods. The study sessions, led by advanced students who have been successful in the course, help students integrate course content and study skills. Courses offering Supplemental Instruction vary from semester to semester, but typically are General Education courses. The availability of Supplemental Instruction is indicated in each *Schedule of Courses*.

Student Support Services Programs

The federally funded TRIO Student Support Services program (since 1970) provides academic support for students who have limited income, a disability, or are first-generation college students. The program offers the following personalized services to WSU-SSS students: personalized

education plan, individualized tutoring, academic success skill development, personalized course selection, scholarships, comprehensive degree planning, use of SSS Technology Learning Lab, graduate school enrollment advice, targeted financial aid information, course selection, assistance from Math, English, and Learning Skill Interns, and textbook loan library. For more information:

webs.wichita.edu/sss/

Computer Labs

UCATS maintains two open computer labs in Jabara Hall, Rooms 120 and 122. These labs contain modern equipment and an abundance of software applications used academically at the institution. There are lab assistants available to support the use of these applications and systems. The personal computers are housed in individual cubicles. Other services that are available are scanning, laser printing, and color printing.

Jabara Computer Laboratory Hours:

Jabara Hall 120 & 122

Monday-Thursday, 7 a.m.-10 p.m.

Friday, 7 a.m.-6 p.m.

Saturday, 10 a.m.-6 p.m.

Sunday, 1 p.m.-6 p.m.

(Continued on next page)

Other Computer Access Areas:

The following areas have computers available for student use. Hours will vary. You may use computers in these locations to access *myWSU* or for other academically-related purposes.

- **Ablah Library Learning Commons and 24-hour Study Room**
- **Shocker Square in the Rhatigan Student Center**
- **West Campus and South Campus**
- **Clinton Hall labs for Business students**
- **Ahlberg Hall lab for Health professions students**
- **COE Technology Center for College of Education students (located in Corbin Hall)**
- **Wallace Hall rooms 208 & 323 and Engineering Building room 204 for Engineering students**
- **Each Residence Hall has a lab for residents**

Email

Wichita State University will rely more and more on email for sending official institutional communications to students.

Every enrolled student will automatically be assigned a "wichita.edu" email mailbox. **It is very important that you frequently check your WSU email account for new announcements and other information.**

What Students Have Said

"WSU has a lot of ways to help students succeed. You just need to know what resources exist-and then take advantage of them"

"Wichita State professors and staff really care about students. Let them help you"

Language Labs

The Savaiano-Cress Language Laboratories offer a variety of media services to foreign-language students. Audio, video, and computer equipment are available to students and faculty alike, with the goal of enhancing and expanding the learning experience through the use of instructional media. Hours are flexible to accommodate all students' needs.

Math Lab

WSU's Math Lab, 371 Jabara Hall, offers free mathematics tutoring for WSU students enrolled in the following courses:

007	Arithmetic
011	Beginning Algebra
012	Intermediate Algebra
111	College Algebra
112	Precalculus Mathematics
121	Geometry
123	College Trigonometry
131	Contemporary Math
144	Business Calculus
242	Calculus I
370	Elementary Statistics.

Students may come to the lab to study math, knowing that help is available when needed. The lab is staffed by advanced students who are studying mathematics and/or mathematics-related disciplines; mathematics faculty members volunteer in the lab as well. No appointment is necessary; students may visit the lab during its hours of operation. To determine the hours for the current semester, refer to the schedule posted outside the lab or check the math department's web site: www.math.wichita.edu.

Writing Center

The WSU Writing Center in 601 Lindquist Hall is free and open to all WSU students. In the Writing Center, all students can meet with a tutor who is either an under-graduate or graduate teaching assistant. While tutors do not proofread or edit, they offer assistance with all aspects of writing; including brainstorming, organization, style, and revision, as well as specific writing concerns voiced by the student. A tutoring session lasts about 30 minutes. No appointment is necessary, but appointments may be scheduled by contacting the center at (316) 978-3173.

In addition to tutoring, the center is equipped with five computers with Windows, Microsoft Word, and Internet access. Students may also do online writing exercises to help improve basic grammar skills. Reading comprehension exercises are also available in the center.

The Writing Center is open 9 a.m.- 3 p.m. Monday through Friday and 5 - 7 p.m. Monday through Thursday. It opens the second week of classes and closes at the end of the last day of classes each semester. It is not open on study day, during finals, or on holidays.

Study Skills Videotapes

Located in the Reserve Room of Ablah Library, the study skills videotapes offer information on such skills as time management, text reading, note taking, studying for and taking tests, critical thinking, and dealing with math anxiety.

Repeat Policy

For: Potentially anyone. Summary: Beginning Fall 1994, if you take a course over (repeat it) at WSU, the new grade "replaces" all previous grades received in that course (at WSU or elsewhere) in the computation of your GPA. *Caution:* While the presumption is that you will get a better grade the second or third time around, should you get a WORSE grade, it still replaces the previous grade. This can only be used for five (5) different courses during your academic career, and each one can be attempted only three (3) times.

For further information: see page 37 of the WSU Undergraduate Catalog.

Withdrawal/Drop Policy

When you drop a class in the first week of the 16 week semester (or equivalent period for shorter courses), it does not appear on your permanent academic record. Drop a class the second through the tenth weeks and a "W" grade appears on your record with no impact on your grade point average. The last day of the tenth week is the last day to drop a 16-week course. A "W" grade indicates that you were enrolled in the course and officially withdrew.

At Wichita State, You Can Have It All

This is Wichita State

Have you checked out www.wichita.edu lately? The WSU homepage is the way to access WSU and all its many services; with something for every computer user and surfer with Internet access. Information can be accessed on our history, colleges, programs, athletics, admission, financial aid, courses offered, etc. You can apply for admission, or, if you have enrolled at WSU before, you can “reactivate” your file – right on the Web!

This is myWSU

If you are or have been a student at WSU, or have been admitted for a future semester, then **myWSU** is your personal portal to WSU.

myWSU is WSU's Web portal, providing a single point of entry to web-based services. Students can use **myWSU** to check their e-mail, register for classes, pay tuition and fees, check the status of their financial aid, and much more.

1. Go to www.wichita.edu and click Log in to **myWSU** from the right navigation bar.
OR, go to myWSU.wichita.edu.
2. Log in using your **myWSU ID** and password. Various help options are available from the log in screen if you have a problem.
3. When you are logged into **myWSU**, you are welcomed by name! Use your **myWSU** tabs to view the links to the world of WSU.

Help is just a call away

Do you have questions about registering or paying for classes, looking up your financial aid or final grades?

- Go to the **myWSU** login page
- Click the **New to myWSU** link?
- Click **Student Help** to view a list of commonly asked questions.

Having problems registering? Check out the **Registration Add Errors** Glossary under *Problems Registering?*.

Do you know when to register or when you need to pay for classes? Check out **Registration Payment Deadlines** under *Fee Payment (View/Pay my Bill)*.

Transfer Coursework to WSU

Find out how courses from another college will transfer to the Wichita State University, go to <http://www.wichita.edu/registrar> and click **Transfer Equivalencies** from the left navigation bar.

The following four items are required to look up the Wichita State University equivalency for a transfer course:

1. Select the State where the transfer Institution is located.
2. Select the transfer Institution.
3. Select an individual Subject area abbreviation or * All Subjects *.
4. Select an individual Course or * All Courses *.

Transfer Equivalency

State: Kansas	Select Output: <input checked="" type="radio"/> HTML <input type="radio"/> PDF
Institution: Butler County Comm College	<input type="button" value="Submit"/>
Subject: * All Subjects *	
Course: * All Courses *	Click here to view Transfer Equivalency Help.

Courses from the transfer university are listed first. Wichita State University (WSU) equivalencies are indented on the following line. If a course is not listed, that does not necessarily mean that the course does not transfer or that Wichita State University does not accept credits from that school. It does mean that we have not had a request to transfer the particular course from that Institution.

Tip: If the course is not listed in the drop down list, select * All Courses *. Some courses must be taken with one or more other classes in order to count as a transfer course.

Additional Questions?

New incoming transfers

Contact the Wichita State University Office of Admissions during regular business hours.
